Manufacturing Capabilities:

Texture and Region specific

- Adobe
- Firebrick
- Stone
- Church stone
- Cultured stone
- Tile
- Shingle
- Currogated
- Bamboo
- Wooden
- Tree Bark
- Strata rock
- Many others
- Custom by request

Benefits:

- Modular Components
- Mobile and Light Weight
- Requires no foundation
- Scalable square footage
- Flat or domed roof
- Can withstand multiple impacts with little or no damage and will not create bullet ricochet or fragmentation.
- Weatherproof and fabricated from material that has self-healing properties
- Mildew and mold resitant
- Heavy enough to stay in place yet light enough for easy positioning or transportation

Components:

- EPS High Density Foam
- Polyurea Hard Coat
- Painted

Safety:

- All materials are free of fluids, gasses, ceramincs, glass, hazardous materials, and flammable materials
- All Panels are flame retardant
- All Panels shall be designed to withstand exposure to the majority of weather conditions in the training area

SIZES:

- Small - 90ft²
- Medium - 170ft²
- Large - 290ft²
- Extra Large - 340ft²
- Custom upon request
